Addicted to Distraction: Psychological consequences of the ...

Modern society is addicted to distraction – to the Mass Media: also and related, addicted to sex, drugs, news, soaps, fashion and celebrity. Withdrawal from these makes people feel bad, makes them feel (sometimes) that life is hardly worth living, that they are lonely, that people are bored-by and disrespect them.

Addicted to Distraction Quotes by Bruce G. Charlton

March 2, 2015 by Nick 5 Comments. Media is an amorphous term than can encompass physical objects as well as digital information, entertainment, “news” and a mix of them all. In Addicted to Distraction: Psychological consequences of the modern Mass Media, author and professor Bruce G. Charlton makes the case that the “Mass Media” is a “inter-linked communication system of all the media – including print, broadcast and internet media considered as a whole...the system as a unified ...

Addicted to Distraction, Revealing Mass Media Manipulation ...

If, at some point, a person is unable to play video games for a while, this dependency will take the form of withdrawal effects, such as irritability, restlessness and even depression. Pre-existing Conditions

What Are The Psychological Symptoms Of Video Game Addiction?

Psychological dependence is different from addiction. When you're addicted to something, you have an overwhelming need to have it, even if it causes you or others you love harm.
