Factfulness is the skill to recognise the common types of stories that tend to get all the attention because they trigger our dramatic instincts. In the book Factfulness the three founders of Gapminder describe in practice how to use these rules of thumb in all kinds of situations and illustrate it with vivid stories from real life situations.

Factfulness - Gapminder Foundation

He is provocative and highly critical of journalists' factfulness and expands his views in his last book Factfulness. Ten reasons we're wrong about the World - and why things are better than you think. Rosling has - together with his son and daughter-in-law - written a book filled with anecdotes, humour and statistics.

Factfulness - Ten Reasons We're Wrong About the World ...

Factfulness is about the ten instincts that distort our perspective of the world and prevent us from seeing how it actually is.

Book Summary: Factfulness by Hans Rosling | Sam Thomas Davies

Factfulness offers a radical new explanation of why this happens. It reveals the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse).
