LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

The LEV ® Home Elevator has been specifically designed for the needs of a new home that is under construction. This residential elevator can be installed at any time during the construction phase, as long as the shaft has been prepared. The lack of a machine room makes this a home elevator that conserves valuable living space without sacrificing functionality.

This is a shot in the dark, but I am having trouble finding any information on the internet regarding this. LOML's Grandfather has a LEV home elevator installed in his house. He was in AZ for the past five months, and now that he is back at his home in Springfield, IL he has found that his elevator does not work. He is 94 and walking up and down the steps is a lot of work for him.
