No Ducts, No Problem – Mitsubishi ductless solutions and short-run ducted systems deliver cooled and heated air directly to the rooms they serve, without the need for noisy fans. No central air system turning on and off means no clunking and clanking, just quiet and seamless heating and cooling.

## **Mitsubishi Ductless/Ducted - Greenwood Heating and Air ...**

Daikin and Mitsubishi are synonymous with mini split ductless air conditioners & heat pumps. However, to be fair, both of these HVAC manufacturing giants are players in the "ducted" world of central air also. What sets them apart from others is the ability to mix and match both ducted and ductless air handlers.
