The product packaging design plays a very important role in branding your items in the retail environment. One thing that should be noted is that the 'catchier' the design is, the more audiences it will attract. A good packaging will also enable you to differentiate the products from your competitors.

Importance of Packaging Design In Branding Your Product ...

There's an old saying: "You can lead a horse to water but you can't make it drink." This is a perfect packaging metaphor, because the fundamental truth is that the final purchasing decision is made at the shelf edge in store. Many businesses make the mistake of thinking that advertising and sales promotion is what drives the customer's decision-making process and, as a result, this is the ...
