Amazon.com: Paleoclimatology: Reconstructing Climates of ...

Paleoclimatology: Reconstructing Climates of the Quaternary is the only book that: ... I'd say at least 3/5 of the info in the 2nd edition is just as good as the 3rd and it is a good way to get your foot into the door of Paleoclimatology. But overall, the 3rd is the most up-to-date and thus the better (expensive) choice.

Book Description. This third edition of Reconstructing Quaternary Environments has been completely revised and updated to provide a new account of the history and scale of environmental changes during the Quaternary. The evidence is extremely diverse ranging from landforms and sediments to fossil assemblages and geochemical data, and includes new data from terrestrial, marine and ice-core records.
