The book's main thesis is that Protestants need natural-law thinking. Charles faults the Protestant tradition for contributing to the absence of natural-law discourse, not least in its various historicist, existentialist, and pietistic tendencies (pp. 20-23). This "Protestant Prejudice" often results from two concerns, the first in worries that natural law reflects passé medieval ...

Reviewed by Joshua Farris There is much that could be said about this book by J. Daryl Charles. Charles argues that natural law is needed in the public square, in Christian circles and in bio-ethical discussion. I will mention three. First, he makes an exceptional case for the need to restore natural law. Second, he...
