Since academic writing is based on research, since it is based on facts; one has to do a lot of research about it because an academic writing believes that whatever the writer goals to say has some amount of evidence. So, the first criterion of academic writing is researching and then the second category is to evaluate the information.

The Essentials Of Academic Writing
Although writing may be the main objective, exploring materials that are already written is also an essential factor to consider when planning to write essays. Before you can begin writing your essay, you should do extensive research and read relevant information.

7 Important Factors to Consider in Essay Writing
In fact, papers with comments and responses are more likely to be the most cited papers of a journal. Hence, if men and women writing comments differentially target men and women's research for commentary, this impacts the relative prominence of men and women in scholarly debate. A few years ago, I published a comment letter with co-author ...
