The Mind in the Cave - Wikipedia

Overall, The Mind in the Cave provides a good overview of cave artworks found mainly in France, as well as of speculations as to why ancient people made those artworks (the author brushes off the idea that art may be made for art's sake).

The Mind in the Cave: Consciousness and the Origins of Art ...

Illuminating glimpses into the ancient mind are skillfully interwoven here with the still-evolving story of modern-day cave discoveries and research. The Mind in the Cave is a superb piece of detective work, casting light on the darkest mysteries of our earliest ancestors while strengthening our wonder at their aesthetic achievements.

The Mind in the Cave: Consciousness and the Origins of Art ...

David Lewis-Williams, as he is known to his friends and colleagues, is regarded as an eminent specialist in the San or Bushmen culture, specifically their art and beliefs. His book, The Mind in the Cave: Consciousness and the Origins of Art (Thames & Hudson) won the American Historical Association's 2003 James Henry Breasted Award.

The Mind in the Cave - Consciousness and the Origins of Art

The Mind in the Cave seeks to find the answer of why Upper Palaeolithic art was created, and why. It argues that through altered states of consciousness (ASC) individuals would see universal phenomena in the make-up of their brains, and would induce them to create the very first recorded images.

The Mind in the Cave. Consciousness and the Origins of Art. David Lewis-Williams. A book review by Gyrus / Posted 24 May 2008. I went through an intense period of obsession with prehistoric rock art when I lived in Leeds and began exploring the nearby moors. The abstract engravings that pepper the landscape there, dominated by "cup-and-ring ...

Review of The Mind in the Cave: Consciousness and the ...

The art created in the caves of western Europe in the Ice Age provokes awe and wonder. What do these symbols on the walls of Lascaux and Altamira, tell us about the nature of ancestral minds? How did these images spring into the human story? This book, a masterful piece of detective work, puts forward the most plausible explanation yet.

[PDF] Download The Mind In The Cave Free | Unquote Books

The Mind in the Cave puts forward the most plausible explanation yet proposed for the origins of image-making and art. David Lewis-Williams skilfully interweaves a lifetime of anthropological research with the most recent neurological insights to offer a convincing account of how we became human and, in the process, began to make art.
